

A BUYING GUIDE

# tents & shelters

374 Lt Bourke Street, Melbourne 3000 | (03) 9600 0599 | [bogong@bogong.com.au](mailto:bogong@bogong.com.au) | [bogong.com.au](http://bogong.com.au)

Bogong has been Melbourne's leading store for lightweight technical tents for many years. We stock over 40 models of tent and shelter, and we have a number of models pitched for you to look at and explore in our upstairs showroom. No other store carries such a wide range of quality brands and models. Come and talk to us!

## CHOOSING A LIGHTWEIGHT SHELTER

FEBRUARY 2024

Buying a tent isn't easy. A poor tent can sour your outdoor experiences. In extreme conditions, an insufficient shelter can be a threat to your safety. Having the right tent for your outdoor activities will help make every trip an enjoyable and safe one – so it pays to get it right! Finding the right combination of space, weight, durability, weatherproofness and price can be daunting. At Bogong we can help you choose the right tent.

### CHOICE OF BRANDS

At Bogong we offer an outstanding choice of the world's leading brands. Each brand has different strengths: some will be more suited to your needs than others. Beware of 'one brand' stores. Will they be offering independent advice as to the best tent for your needs? As a truly independent store we have carefully selected the best brands for all users.

### TENT DISPLAY SHOWROOM

Did you know that Bogong has more high quality lightweight tents on display than any other store in Melbourne? Brochures can give only limited information. You need to see a tent pitched to appreciate its features.

### EXPERIENCED STAFF

Bogong staff are hand-picked for their wide experience in all outdoor situations. We can advise you on your tent requirements for any situation whether it be for Patagonia or the Grampians! Chances are, we have a staff member who has been there and can give you practical advice.

### TO HELP YOU CHOOSE

**In what weather do you plan to use your tent?** If you will encounter cold conditions – snow, high winds, heavy rain – you will need a tent to cope. The more extreme the weather, the stronger the tent will need to be. This can mean more weight and cost. Smaller tents catch less wind and are more stable than larger models of the same design configuration. On the other hand, excellent ventilation is a must if you're trekking in the heat.

**How much can you carry?** No matter how weatherproof a tent may be, if it is too heavy for you, it is impractical. Manufacturers of quality light tents often use exotic materials to achieve excellent weather protection, but these can be expensive.

**How much room do you need?** Do you throw in a spare kitchen sink? If you like to bring all your toys with you on your outdoor expeditions, you will need to consider the vestibule and interior spaces of your tent.

### TENT WEIGHTS

There is much misinformation about tent weights – beware of minimum tent weights quoted by brands. Often, these figures are incorrect or render the tent unusable. At Bogong we have weighed our tents ourselves, to enable you to compare across all models and brands. We define a tent minimum weight as the fly, inner, poles, tent bag, pole bag, peg bag and six pegs – the minimum for camping in good conditions.

# MONT MOONDANCE SERIES

## THE ULTIMATE IN MINIMALIST FAST-AND-LIGHT TENTS

Australian designed, for Australian conditions; the Mont Moondance I is ultralight without compromising the integrity of the materials. A bombproof 25,000mm+ PU bucket floor ensures you're protected in the wettest conditions, while the mesh inner versions provide plenty of ventilation to reduce condensation. The Moondance series features 2 DAC Featherlite™ poles with an innovative wishbone hub pole design that has an extra cross pole creating greater internal space.

## MONT MOONDANCE I

One-person, three-season free-standing tent. Extremely lightweight, fully seam-sealed and totally waterproof.

### FEATURES

- 3 season / 3-4 season
- 1 person
- 1 door, 1 vestibule
- L x W x H: 220 x 120 x 95cm
- Waterproof rating: 25,000mm+
- Half-Mesh Inner: 1.54kg
- Full Nylon Inner: 1.6kg
- Packed tent sack: 28 x 14cm
- Compressed pole length: 42cm

**\$789.95**

**HALF-MESH INNER**

**\$829.95**

**FULL NYLON INNER**

**MOONDANCE I FOOTPRINT \$89.95 170g**

## MONT MOONDANCE II

The Moondance 2 two-person tent is the market leader. It is lightweight, sturdy, easy to pitch, freestanding and is ideal for bushwalking.

### FEATURES

- 3 season / 3-4 season
- 2 person
- 2 doors, 2 vestibules
- L x W x H: 220 x 130 x 110cm
- Waterproof rating: 25,000mm+
- Half-Mesh Inner: 1.95kg
- Full Nylon Inner: 2.02kg
- Packed tent sack: 33 x 15cm
- Collapsed pole length: 49cm

**\$939.95**

**HALF-MESH INNER**

**\$989.95**

**FULL NYLON INNER**

**MOONDANCE II FOOTPRINT \$99.95 220g**

## MONT MOONDANCE EX **\$999.95**

The Moondance EX is the largest tent in the Mont lightweight range. At just 2300g it is impressively light for its generous dimensions and is ideal for those looking for a roomy 2 person or comfortable 3 person tent.

The Moondance EX easily fits three standard size sleeping mats and with a high ceiling and steep side walls is very spacious inside.

With the same weatherproof & weight-saving features that make the Mont Moondance 2 a bestseller.

### FEATURES

- 3 season
- 2-3 person
- 2 doors, 2 vestibules
- L x W x H: 217 x 170 x 106cm
- Waterproof rating: 25,000mm+
- Weight: 2.34kg
- Packed tent sack: 36 x 16cm
- Collapsed pole length: 54cm

**MOONDANCE EX FOOTPRINT \$99.95 310g**

## MONT EDDIE 2

IDEAL FOR OUTDOOR EDUCATION GROUPS

**\$649.95**

### FEATURES

- Fly: 3000mm 75D ripstop polyester
- Floor: 5000mm 100D PU coated nylon
- 10 aluminium pegs with storage bag
- Poles: 3x 9.5mm DAC Pressfit poles
- 2.71kg
- 2 person (3 kids)
- 3-4 season
- 2 doors, 2 vestibules
- 220 x 132 x 112

## MONT SUPERCELL

4-SEASON, 2-PERSON TUNNEL TENT

**\$999.95**

### FEATURES

- Fly: 20D ripstop PU-coated nylon
- Floor: 25,000mm laminated floor
- Poles: 3 piece high strength alloy
- Dual entrance, double doors for ease of access
- Oversized vestibule
- Designed for high wind and heavy snow load

## MONT SUPERCELL EX

SPACIOUS EXTRA LARGE VESTIBULE

**\$1199.95**

## MONT DRAGONFLY

YOUR ALL-SEASON, YEAR-ROUND 2-PERSON TENT

**\$999.95**

### FEATURES

- Fly: 30D ripstop PU-coated nylon with silicon DWR coating
- Floor: 25,000mm laminated floor
- Poles: DAC Featherlite aluminium pole (best in the business!)
- Drip-free dual entrances
- 2x Internally accessible ceiling vents
- 2x Generous 70cm-wide vestibules
- Full mesh and full nylon doors
- Strong in wind, due to clever pole design
- 100% waterproof tub floor and fly with factory-tape-sealed-seams
- Symmetrical design allows fly to attach to inner at either end

## MONT EPOCH **\$1399.95**

4-SEASON, 2-PERSON EXPEDITION TENT

### FEATURES

- Enormous stability in high winds
- Dual entrance, double doors
- Dual vestibules with snow valances

## MONT BATWING UL

ULTRALIGHT TARP

**\$299.95 (M TARP ONLY)**

SIZE M

- 3.15 x 2.6m
- 410g + 8 pegs 72g

SIZE L

- 3.4 x 2.9m
- 480g + 10 pegs 90g

### FEATURES

- Material: 20D sil/sil ripstop nylon

Note: Batcave not available until May 2024 at the earliest

# BIVY BAGS & TARPS

There are some scenarios in which you might need a lightweight alternative to a tent, such as a bivy bag, sleeping bag cover or tarp. Perhaps you're hiking hut-to-hut and only an emergency shelter. Or, you're only going to be using it in the dry season in central or northern Australia. Or, perhaps you're a hiker for whom every gram counts. Whatever your needs, discuss your lightweight shelter options with our staff.
